

Cells: AMized vs Non-AMized

Now that you've listened to the recording about the AmWand from Amega Global, I wanted to give you more information.

The AMwand is not a "miracle wand", it is an energy source that triggers the "miraculous ability of the body" to move into balance quickly and heal itself. The wand is infused with **Amized Fusion Technology** (AFT), a proprietary name referring to the harnessing of zero point field energy. When the wand and other Amega products are used, people are experiencing relief from chronic pain, increased flexibility, better sleep, help with anxiety and depression, increased immune response, increased strength, tighter healthier skin, better digestion, relief from joint stiffness, and many more health benefits, many of which happen within just a few minutes. Amega products allow for a better quality of life all around!

Here are some before and after pictures of living cells exposed to AFT:

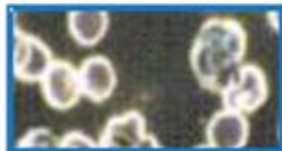

AMization process on Organic Matter

With the application of AMized® Fusion Technology process any matter be it be organic abstract, power, stones, metals, or any substances can be enhanced to resonate at Zero-Point field.

Picture below shows a drop of Face cream's bio photon field before and after AMized® Fusion Technology.

AMized® Resonance on Human Blood cells

Blood Cell before AMized® Process

The clients blood is taken prior to any exposure to AMization. Clumping of the erythrocytes.

Blood Cell after AMized® Process

Taken 2 hours after AMization. Already improved, the erythrocytes are singular and free in the plasma

Blood Cell without AMized® Process

The same blood as photo one. The difference here is that eight hours have elapsed and the blood is dead! Only cell fragments are recognizable

Blood Cell after 8 Hrs (Energized with AFT)

The same blood as in photo two. After eight hours you can see the blood is still alive and the cells still have their cellular integrity

Human Bio Energy Field Before and After Use of AMized® Fusion Products

Notice the energy gaps in the bio energy field, which cause the imbalance in the body.

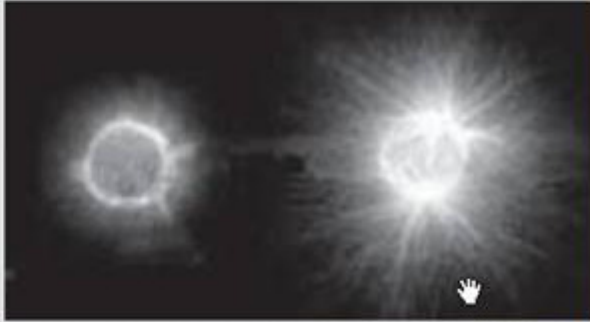

Notice the bio energy field completely restored and an increased energy level after use of Amized® Fusion Technology products

Resonating Life
 Our human Body is divided into 3 sections, or in fact all living matter, that is

- Energetic System,
- Information System,
- Physical System.

Its is understood under the complementary theory that the Bio- photons field of any living matter is first distorted by the pollution, parasites, radiation, e-smog and free-radical. When the Bio-photon field is distorted, this will bring about disturbance in the information system within which will result in physical deformations.

Amegazine 2009

The result of zero point energy on living matter is measurable. The testimonials are also very consistent. AFT products can rapidly energize the human body and electromagnetic field to promote health. The ample supply of vital energy made available to the organism induces a state of homeostasis, or balance. This is what triggers the natural self-healing mechanism necessary for cellular and/or energetic repair and improvement.

To listen to testimonials about the Amega products, please go to <http://getonthecalls.com>. Each of the calls will have testimonials at the end of the presentation. You can scroll forward about 15-17 minutes into the recordings to hear the testimonial segment. The stories are amazing and randomized from all the different ways the products effect change in the body. Unbeliveable stories from an unbelievable array of "self wellness" products.
